

GOLF PROPERTY VALUATION & ADVISORY SERVICES

NVC's team of golf course and resort experts understands that these properties are recreational enterprises which represent an investment in real estate, personal property, inventory, personnel, and intangibles. A well-produced appraisal will enable the lender/underwriter to calculate financial ratios and determine their exposure in a golf course/real estate loan. Prudent golf course investors enlist the services of independent valuation experts such as NVC, thereby enabling them to make well-informed purchase decisions and sound capital investments.
